

Welcome to CIS Computing

The CIS Computing Support Team provides services to facilitate the work being done at the Center for Imaging Science. Our goal is to allow the integration of technology, education, and research through a reliable and secure computing environment.

System Administrators

- Brett Matzke: Windows/Mac Systems Administrator
- Jim Bodie: Unix Systems Administrator

Student Support Staff

- Chris Cotter: Student System Administrator
 - Jonathan Cormier: Student System Administrator
- All requests for technical support should be sent to help@cis.rit.edu

For emergencies you can page Jim or Brett here
